

BEST NIGHT YET AT THE BUTLER

The Butler theater had the banner houses last night of its present lease. At the first performance the crowds were so great that the house was taxed to its full capacity, and many were turned away. In the first house there were approximately four hundred persons. The show was royally enjoyed, too, for more enthusiastic audiences never crowded the cosy little show house.

All the moving pictures were good, and every number was applauded, something very rare. The hit of the evening, though, was the illustrated song, "Good Old U. S. A.," which was encored seven times at the first performance, and five times at the second. The most interesting film was "Daniel Boone, or Pioneer Days in America." There were some hair-raising scenes in this group, Indian fights and massacres, burning houses and splendid groupings. "The Irresistible Piano" was the funniest picture of the lot, but this is chosen from a lot of funny ones. The others were "Stolen Chicken," "The Vagabond," "Spanish Dancers," and "The Glue." The same show will be on until Friday night.

PERSONAL MENTION

A. M. Gillespie will leave for Rawhide this morning.

Frank Peterson returned from Bullfrog last night.

H. B. Lind of Goldfield was a visitor in the city yesterday.

James Skelton returned from a trip to the coast yesterday.

Thomas Kendall and wife returned from their home in Alameda on Sunday.

Henry Bartlett of the Round Mountain Nugget will be in the city this afternoon.

Sheriff J. J. Owens has gone to Carson to attend the convention of county assessors.

James W. Travers returned from a visit to Round Mountain yesterday and will return on Thursday.

Senator T. L. Oddie left yesterday morning for Carson to attend the extra session of the legislature.

Judge J. P. O'Brien went to Goldfield yesterday to assist Judge Lang with his criminal calendar.

Key Pittman returned from Rawhide on Sunday night, accompanied by J. S. Daveler and Chauncey Booth.

Mark L. Kerr, consulting engineer for several mines in the camp, was an arrival yesterday from the coast.

A. J. Crocker, formerly of the Tonopah Lumber Company, was an arrival from San Francisco yesterday.

W. W. Barnes, engineer of the Southwestern Mines Company at Tybo, will leave for the mine this morning.

District Attorney Pat McCarran will leave this morning for Rhyolite, where he will be on business for the next two days.

Robert Stewart, mayor of Soda-ville, came up from "Sody" yesterday and will be in the city for the next few days.

W. B. Sollender left yesterday morning for San Francisco, being joined at Mina by his daughter, Leonore, who went there from Bishop to accompany him to the coast.

M. H. Bryan, editor and manager of the Rawhide Press, a new weekly that is to be started in Rawhide, was a visitor in the city yesterday, and is going to Rawhide today or tomorrow.

Manager Dale of the Southern Nevada Mercantile Company, accompanied by ex-Sheriff Long of Leadville, Colorado, will go to Rawhide this morning, to be absent several days.

J. Grant Crumley left yesterday morning for Blair, and will continue this morning to Reno, from where he will go to the coast, where he expects to be absent for about two weeks.

S. H. Gillette, the well known mining man, returned from Rawhide on Sunday night, coming in by way of Queen Canyon, in the White Mountains, where he lingered to start the new mill at his mine.

Martin Caffarella, one of the leasers of the new Tonopah Club saloon, arrived from the coast yesterday. He has been in San Francisco getting the fittings and glassware for the saloon, and says that the new Tonopah Club will be one of the handsomest interiors west of the Rockies.

Miss Margaret Kertz left on yesterday morning's train for Reno, where she has accepted a position in the Roosevelt hospital. Miss Kertz is a graduate of the Mount Zion hospital in San Francisco, and has been in Tonopah, where she has been a great favorite with doctors and patients. She will be missed by a host of friends.

The finest grade of liquors and cigars can be found at the Nevada Club.

ROUND MOUNTAIN IS LIVELY CAMP

MANY ADDITIONS TO POPULATION AND NO VACANT HOUSES.

James W. Travers returned yesterday from Round Mountain, having been there on a visit for the first time in many months, and he came back more enthused over the district than ever.

"The camp is lively," said Mr. Travers, "and there have been many additions to the population since I was last there. There is not a vacant house in the camp, and the demand for houses is insistent. Everybody in the camp is working, too, and that means that all the properties are working. The hydraulic company is slashing out the bullion, and the mines are keeping up in this sort of work. The cleanup last month of the Sunnyside mill was \$20,000."

"The Round Mountain Daisy is looking better than ever, and there are two mills on the way there now, and these will be needed to handle the ore. In fact, Round Mountain is becoming a camp of mills. The Sphinx Mining Company, which is practically owned by the American Tobacco Company, has a mill coming and the foundation has been laid, and some of the machinery is on the ground. The mill, it is said, will be in running order by the first of March. There is also a custom mill to be put up on the Shoshone creek by Nazaro and Acre, the machinery for which is now at Austin, and arrangements have been made for its immediate shipment to Round Mountain. There will be a large force of men put at work installing the mill, and it will be in operation in thirty days."

"This will make four mills in the camp, including the Round Mountain Mining Company, the Sphinx and the Round Mountain Fairview. Then there are besides, the two mills which have been ordered for the Round Mountain Daisy."

"A big force of men have been put to work on the property of the Round Mountain Nugget, which is to be developed on an extensive scale. The officers and directors of the company are Philadelphia capitalists and business men, and they propose to work the property for all it is worth. On the Full Moon claim, where the development work is being done, they have uncovered a most promising ledge. It has a granite footwall and the values are in porphyry and tale, the tale gouge being fully two feet wide. An incline shaft is now being sunk which will be continued for a distance of one hundred feet."

FIRE OCCURS AT LITTLE TONOPAH

A fire in the coal bunkers of the Little Tonopah Mining Company called the fire department out shortly after 8 o'clock last night, and the dashing grays had a sprint for a mile down the road. The fire had eaten into the wooden sills around the furnace, and the rafters above the furnace were burning when the apparatus reached the scene. The chemical engine was brought into play, and this was supplemented by good old water, before the flames were extinguished. The only damage done was to the coal, the building being practically uninjured.

On Sunday night at 6 o'clock, an alarm was turned in for a burning can of coal oil, which had been thrown into a backyard in the region of the redlight district.

TURNING OUT THE BEST WORK

The blindery of the Bonanza is turning out the best work in the city, and it is giving such great satisfaction that anyone who has his work done there once, never goes anywhere else. The plant is the finest and most complete, not only in the State, but this side of San Francisco. We can turn out all kinds of work that is demanded in the offices of lawyers, brokers, promoters, mining companies, or for any other kind of business, and we guarantee satisfaction in every respect. One trial will be sufficient to establish the truth of this statement. It pays to go where only the best kind of work is done, and it pays to patronize home industry.

It will be unnecessary to go through a painful, expensive operation for Piles if you use Manzan. Put up in a collapsible tube with nozzle, ready to apply. For any form of Piles. Prices 50c. For sale by Tonopah Drug Co.

SHERIFF COMES AFTER PRISONER

NEGRO ROBBER WILL BE TAKEN BACK TO RENO FOR TRIAL.

Sheriff C. P. Ferrel of Washoe county, arrived here yesterday from Reno, and will take back with him this morning to the Gate City a negro who was arrested on Saturday by Chief of Police Malley, on suspicion of robbery. The prisoner is suspected of having been one of the gang that broke into the jewelry store of McIntosh, Connelly and Sensensy on the 9th of last September, and got away with a quantity of silverware valued at \$500.

The negro was found with some silverware upon him, that he was trying to dispose of, and was taken in on suspicion.

NEW STRIKE AT MOORE'S CREEK

A new strike has been made at Moore's Creek, which is fifteen miles north of Round Mountain. The discovery was made while men were doing the assessment work close by. A four-foot ledge was opened which went \$75 to the ton in silver and a few dollars in gold. Quite a number of men have gone from Round Mountain to the scene of the new strike, and the latter is attracting considerable attention in the vicinity. Mr. Travers, who came in from Round Mountain yesterday, stated that the discovery had created no little excitement.

THE BETTER WAY.

"Unquestionably we have had what looked like a panic. Everyone is shouting, 'return your money to the banks, and prosperity will go on as if nothing had happened.' Well and good, but—there is a brisken, a better, a buller way to stay the retreat of prosperity before it becomes a panic stricken rout. Let every business man advertise for the next sixty days as he never advertised before—two, three, five fold—and force the hoarded money into circulation by the most direct route, the most telling method. Compel the hoarder, by advertising the merits of your goods, to let go his hoardings in exchange for the seductive attractions and the homely necessities of life."—Robert Frothingham, in San Francisco Call.

LAKE TAHOE FALLS SIX FEET

Jack Tanner, who has spent many years in the vicinity of Lake Tahoe, arrived in Reno yesterday and announced that within the past four weeks the waters of the lake have receded nearly six feet. Tanner is unable to account for the strange phenomena. "I have spent many winters on Lake Tahoe," said Tanner, "and I have seen the waters rise as well as fall, but never so rapidly as during the last month. It seems as if the bottom has fallen out and the water is falling more every day. I have never seen the lake so low as at present. I was there when the people were preparing to save their property because of threatened flood. Then it rose almost as rapidly as it is falling now."

"It has always been believed that the lake has a subterranean outlet through the crevice of an old volcano, for scientists claim the bed of the lake is the crater of an extinct volcano. I do not know how to account for it in any other way."

Tahoe is now surrounded by snow and communication is almost impossible. Tanner made the journey to Truckee on snow shoes, so he claims.

Local scientists who have often visited the lake do not credit his story, pronouncing it absurd.

"Perhaps the lake is somewhat lower than usual for this time of the year, because of the cold weather," said a local man yesterday, "but it is absurd to think that the lake has fallen six feet within four weeks."—Nevada State Journal.

BANKS PUNGE UP COUNTY FUNDS

AMPLE BONDS THAT ARE SATISFACTORY TO THE COMMISSIONERS.

The county funds on deposit with the State Bank and Trust Company and the Nye and Ormsby County Bank are safe. No matter what might happen now to either bank, the county is assured of getting the fifty or sixty thousand dollars which were made special deposits in the banks.

President T. B. Rickey of the State Bank and Trust Company, made good his promise to the County Commissioners yesterday. He secured the money on deposit in his bank by an ample bond, which was accepted by the board. The Nye and Ormsby County Bank followed suit. There was a special meeting of the board yesterday morning, at which Mr. Rickey and Treasurer Gilbert were present, beside the Commissioners. The treasurer expressed himself as perfectly satisfied with the bonds given by both banks. The money on deposit is to be returned to the county before the expiration of the term of Gilbert.

The regular semi-annual teachers' examination will commence Jan. 13, at 8 a. m. In Tonopah, examinations will be held in Room 14, Nyeo Bldg. 1-9 4t
